

TEMPLATE COVER EXPLANATION

- Our journal page is 2.8125" W x 5.5" H. If you want a picture or text to appear in the window when the journal is closed, keep the content in the GREEN box. If you want the text or image to extend beyond the window, make sure it fills the yellow box or beyond it.
- The gray area is the maximum print area. Fill it up! Add anything you like to the page. Just remember not to extend past the gray area or your text/image will not print. If you want full page printing, make sure to talk to Shelly first.
- Don't feel limited by this template. If you need help, just call and ask for Shelly. 800-897-8528 or 989-686-3377.
